2 OBJECT

EFFINITY offers the Affiliates access to Programmes defined by the Advertisers and posted on the Platform.

The object of this contract is to define the terms of the mandate given by the Affiliates to EFFINITY in this context.

3 TERMS FOR THE ADMISSION OF AN AFFILIATE TO THE PLATFORM

EFFINITY reserves the right to accept or reject, at its discretion, and without having to justify its decision, the registration of the Affiliates on its Platform and/or in a Programme.

Affiliate candidates must ensure and guarantee that the site or sites for which they request their affiliation comply with the laws and regulations in force and do not infringe any rights belonging to third parties, in particular in the field of intellectual or industrial property or image rights.

Applications for registration of sites will not be considered if they are:

- not in compliance with the laws and regulations in force and the rights of third parties, in particular if they are of an illegal and/or pornographic nature or contain racist or defamatory material or incite any form of discrimination or extremism,
- liable to harm the image of EFFINITY or the Advertisers or are simply inconsistent with its commercial policy.

Candidates who request the affiliation of protected or limited-access sites (with passwords, etc.) must give EFFINITY the means to ensure that their editorial content complies with the law and the above terms.

Any significant changes to the content of the Affiliate's site must be reported to EFFINITY within 48 hours of the change.

4 REGISTRATION OF AN AFFILIATE

4.1 Registration on the platform – Contractual terms

Applications for registration are made by filling in the registration form on the site <http://www.affiliation.com>

The candidate for affiliation, by requesting its affiliation, certifies on its honour that it is owner of the domain name of the site for which it is requesting the affiliation or that it holds the rights and that it has right and, in fact, the ability to place links on the site to an Advertiser site.

EFFINITY will notify the affiliation candidate of its registration or the rejection of its registration by e-mail to the address indicated in the registration form.

Registration implies acceptance of these general terms and conditions.

Unless expressly agreed otherwise, these general terms and conditions are only applicable to the relationship between EFFINITY and the Affiliates, to the exclusion of all other contractual terms of the Affiliate.

EFFINITY may, in the course of time, decide to modify its general terms and conditions. In this case, EFFINITY will inform the Affiliate of said modifications in advance. The Affiliate has the option of refusing the modifications by notifying EFFINITY of its refusal, within 8 days of notification of the modifications. EFFINITY will then have the right to terminate this contract with 8 days' notice.

The registration on the Platform also implies acceptance of the Affiliate – Advertiser Terms annexed hereto and which are intended to govern the relationship between the Affiliates and Advertisers with which they participate in the Programme.

The admission of the Affiliate leads to its registration on the mailing list to receive EFFINITY newsletters informing the Affiliates about new Programmes.

4.2 Registration in Programmes

Once the Affiliate's application has been accepted by EFFINITY, the Affiliate may apply to participate in Programmes.

The Affiliate freely decides whether or not to apply for the various Programmes offered by familiarising itself with their characteristics on the Platform.

The Affiliate's mandate to EFFINITY under each Programme will take effect upon the Affiliate's receipt of the confirmation of its registration in the Programme after acceptance by the Advertiser.

The Links and Promotional Tools related to a Programme are accessible on the Platform.

The terms of remuneration of the Affiliate are set by the Advertiser and are accessible on the Platform. Depending on the type of programme, the Advertiser undertakes to pay its Affiliates according to various criteria, e.g. each time one of its visitors goes to the Advertiser's site (remuneration fixed per click), fills in a form (remuneration fixed per lead) or even places an order (commission on sale), etc.

In this context, EFFINITY records the results obtained (subject to validation by the Advertiser) and ensures the collection of the commissions that are due to the Affiliates by the Advertiser in return for participation in the Programme of the latter.

The results obtained are recorded using the Tracking Tool (see Article 9).

5 OBLIGATIONS OF THE AFFILIATE UNDER THE PROGRAMMES

Following the confirmation of the registration of an Affiliate in a Programme, it will have access to the Links and/or Promotional Tools to be placed on the pages of the registered site(s).

These links/Promotional Tools must in no way be modified or inserted on any site other than the site for which the affiliation was requested, otherwise no remuneration will be due to the Affiliate and the Affiliate will relieve and guarantee EFFINITY against any recourse by the Advertiser or a third party that might result from this action.

The Affiliate also refrains from using fraudulent referencing techniques such as so-called “blackhat” methods or from using third-party brands to improve the referencing of its site in search engines.

The type of Promotional Tools authorised for the Affiliate are set by the Advertiser and are accessible on the Platform. The use by the Affiliate of a type of Promotional Tool that is not authorised by the Advertiser cannot give rise to any remuneration for the Affiliate.

6 E-MAILING

In the context of any e-mailing, if this Promotional Tool is authorised, the Affiliate undertakes to respect the provisions of this article.

6.1 Regulations

The Affiliate undertakes to comply with the regulations applicable to commercial prospecting, in particular the provisions of Article L. 34-5 of the Post and Electronic Communications Code, Article 21.2 of the GDPR and the European regulations on electronic communications.

All recipients must be able to unsubscribe easily from the database to which they have subscribed through a clearly accessible unsubscription link in the e-mail. The link and the unsubscription must work correctly.

The Affiliate also undertakes to adhere to and respect the E-mails Charter drawn up by the Collectif des Plateformes d’Affiliation (Affiliate Platforms Collective) accessible on the CPA site at <http://www.cpa-france.org/>.

6.2 Terms defined by the Advertiser

The Affiliate undertakes to comply with the terms of sending e-mails defined by the Advertiser.

6.3 Database

The database must be deduplicated. That is to say, a recipient may only be recorded once in the database and cannot in any case receive the same advertising e-mail more than once during a single mailing.

6.4 Process

6.4.1 Validation

Any mailing must be preceded by a validation by EFFINITY which relates to the subject and the body of the e-mail.

6.4.2 Test mailing

A first test mailing must be performed on a representative part of the database.

This mailing, like any other mailing, must include the following e-mail addresses:

- effilie@effiliation.com
- any other e-mail address at the request of the EFFINITY teams

6.4.3 Terms

In the context of a programme remunerated by leads (in the form), the Affiliate undertakes to respect the Programme’s characteristics (including the recipient selection criteria that may be requested by the Advertiser) and the volume that has been applied to it with a margin of +/- 10%. Any mailing

campaign can be interrupted or stopped by EFFINITY, in particular in case of a request from the Advertiser.

The mailer also undertakes to respect the mailing dates that were determined with it.

For all programmes on the form, only a valid form can result in remuneration. A form is considered to be valid if all of the prospect's contact information (e-mail address, existing phone number, physical address verifiable per directory) is correct.

6.5 Penalties

In case of non-compliance with one of the above terms, the Affiliate may be subject to penalties such as the non-remuneration or even the termination of its Affiliate account.

7 NON-SOLICITATION

The Affiliate must refrain from soliciting an Advertiser with whom it has been put in contact by EFFINITY to offer it any services, advertising or promotion for its benefit, during the entire period in which the Affiliate participates in affiliation programmes presented by EFFINITY, and for 12 months after the Affiliate has ceased to participate in the Programmes of this Advertiser with EFFINITY.

In case of violation of this commitment, the Affiliate will be liable to pay a penalty equal to the amount of the commissions paid by EFFINITY for the campaigns of the Advertiser in question during the 12 months preceding the last payment of the commissions on behalf of this Advertiser. The amount of the penalty may be withheld from any amount owed by EFFINITY to the Affiliate.

In addition, during the entire time that the Affiliate participates in Programmes presented by EFFINITY, if an Affiliate is solicited by an Advertiser that is a customer EFFINITY, the Affiliate undertakes to notify EFFINITY and, in the event of a commercial proposal made to the Advertiser, to have offered to EFFINITY tariff terms that are at least equivalent to those offered to the Advertiser. The Affiliate must systematically notify EFFINITY of contacts and events with the EFFINITY Advertisers.

If the Affiliate provides advertising or promotion services for the benefit of an Advertiser with which it has been put in contact by EFFINITY, without respecting the commitment resulting from the preceding paragraph, the Affiliate will be liable to pay a penalty equal to the amount of the commissions paid by EFFINITY for the campaigns of the Advertiser in question during the 12 months preceding the last payment of the commissions on behalf of this Advertiser. The amount of the penalty may be withheld from any amount owed by EFFINITY to the Affiliate.

8 PERSONAL DATA

8.1 Affiliation

It is reminded that, in the context of the affiliation services and as regards the tracked users, EFFINITY only proceeds with the processing of pseudonymised Personal Data (i.e. an identifier that does not allow EFFINITY to identify the user tracked with the data it has).

The Affiliate is prohibited from transferring to EFFINITY any additional data that would allow EFFINITY to identify the internet users, directly or indirectly, through cross-checking.

EFFINITY and the Affiliate undertake not to use this data for purposes other than identifying and counting the events that could generate remuneration for the Affiliates.

8.1.1 Capacity of the parties

The Affiliate acts in the capacity of

- Data Co-controller with EFFINITY and the Advertisers participating in the Programme.
- Data Controller with regard to its website or any other Processing it may perform.

The Advertiser acts in the capacity of

- Data Co-controller with EFFINITY and the Affiliates participating in its Programme.
- Data Controller with regard to its own website.

In this context, the Affiliate undertakes to publish, on its site(s) participating in a Programme, a link to these contractual terms so that the party concerned may have access to them. The link must be provided by EFFINITY on the Platform.

8.1.2 Compliance with regulations

EFFINITY and the Affiliate mutually agree to comply with the applicable regulations applicable to the Processing of Personal Data. In particular, they undertake to keep the records imposed by the GDPR up to date.

8.1.3 Information

The Affiliate undertakes to publish on its site the information notices required by the regulations on Personal Data, in particular those provided for in Article 13 of the GDPR.

In particular, it must inform users about:

- The fact that its site participates in Programmes
- That EFFINITY and the Advertisers who have Links or Promotional Tools on its site are Data Co-controllers with the Affiliate
- That, in the context of said Programmes, the redirections of the user of the Affiliate's site towards the Advertiser's site and the actions that follow (filling in a form, making a purchase) are tracked by EFFINITY

As such, it is reminded that the Affiliate has access to the following information on the Platform:

- The identity and contact information of the Advertisers who participate in the Programme
- Where applicable, the contact details of the EFFINITY Data Protection Officer and the Advertisers who participate in the Programme
- Where applicable, the existence of a transfer outside the European Union of the tracking data referred to above by EFFINITY, the appropriate guarantees and the means of obtaining a copy of the data;
- The period of time for which the tracking data is stored by EFFINITY

The Affiliate undertakes towards the Advertiser to comply with the regulations and recommendations of CNIL regarding cookies and other trackers. In particular, it undertakes to inform the users of the presence of cookies on its site and obtain their consent according to these recommendations and the provisions of the GDPR.

8.1.4 Right of persons

EFFINITY and the Affiliate agree mutually to transmit to each other without delay the requests they receive from the people concerned who wish to exercise their rights of access, opposition, deletion, limitation and portability and to grant such requests where they are justified.

8.1.5 Violations

EFFINITY notifies the Affiliate and, vice versa, the Affiliate notifies EFFINITY, in writing, of any violations of the Personal Data. This notification must be accompanied by all relevant information to allow EFFINITY or the Affiliate, if required, to report the violation to the supervisory authority.

8.1.6 Data Protection Officer

Where applicable, the contact details of the Data Protection Officer of the Advertiser and the Affiliate are accessible in the Platform.

The Data Protection Officers of the Affiliate and EFFINITY will be the point of contact between EFFINITY and the Affiliate in all matters relating to Personal Data.

8.2 Effi-ID

Effi-ID is a service that can allow the Affiliate to identify, by means of a reconciliation key, the person who performed an operation with the Advertiser that generated a commission for the Affiliate. In this case, this service can only be set up when the person concerned is registered with the Affiliate.

When the Affiliate uses Effi-ID for this purpose, it is required to report this in the Platform and comply with the provisions of Article 8.2 of the Affiliate – Advertiser Terms annexed hereto.

8.3 MasterTag

The MasterTag is a JavaScript code hosted by EFFINITY, which is called directly by the Advertiser's site and which can contain the Tags of specific Affiliates. This script retrieves parameters transmitted by the Advertiser. The Affiliates integrated into the MasterTag are called and receive the Advertiser's information according to the pages seen by a user. This call allows them to learn more about the user's navigation by creation cookies about them.

When an Affiliate integrates its script into the MasterTag, it is required to comply with the provisions of Article 8.2 of the Affiliate – Advertiser Terms annexed hereto.

9 REMUNERATION TERMS

The Affiliate is paid according to the terms set by the Advertisers that are accessible on the Platform. The type of remuneration and its amount are determined by the Advertiser for each of its Programmes. The terms of remuneration may change after a decision by the Advertiser; EFFINITY disclaims any liability in this regard. Any change to the terms of remuneration by the Advertisers must be notified by e-mail to the Affiliate, who will have the option, if it does not accept this change, to cease to participate in the Advertiser's Programme which has changed its terms of remuneration.

EFFINITY gives access to each Affiliate, via its account on the Platform, to the activity report on the Programme which tracks the operations performed to the Advertiser's site via the Affiliate's site and calculates the amount of the remuneration due by the Advertiser to the Affiliate.

EFFINITY gives access to each Affiliate, via its account on the Platform, to the activity report on the Programme which tracks the operations performed to the Advertiser's site via the Affiliate's site and calculates the amount of the remuneration due by the Advertiser to the Affiliate.

The recording of the traffic and actions is limited to one transaction per 24-hour period and per user workstation (identification of the computer from which the request originates) for the same Affiliate. It is understood that users who refuse cookies cannot be recorded.

In the event of interruption of the tracking by the Advertiser, the remuneration of the Affiliate will be calculated based on the remuneration due in the preceding month in proportion to the duration of the interruption.

Any remuneration is excluded in the event of fraud, in particular in the event of the generation of artificial traffic to the Advertiser's site that does not correspond to visits by users following their visit to the Affiliate's site.

Any remuneration to the Affiliate is excluded in the event of the non-payment of EFFINITY by the Advertisers of the commissions due to the Affiliates, whether such non-payment results from the insolvency of the Advertiser or from any other cause. The remuneration is due only within the limits of the amounts that EFFINITY has previously received from the Advertiser on behalf of the Affiliate, after deducting EFFINITY's own remuneration.

10 PAYMENT TERMS

A consolidation of the commissions is performed by EFFINITY on the 10th day of each month based on the commissions paid by the Advertisers to EFFINITY in the preceding month.

As soon as the cumulative amount of the commissions collected on behalf of the Affiliate and collected by EFFINITY exceeds a floor of 75 euros, EFFINITY will generate an invoice request. If the amount owed is less than this floor, then the payment is postponed until the sum of 75 euros is reached.

The publisher must validate this invoice request in its interface.

The validation date of the invoice request by the Affiliate is the date of receipt of the invoice by the Affiliate.

The payments are made be follows:

- For a validation between the 1st and the 15th day of the month, the payment of the invoice request must be made by EFFINITY to the Affiliate between the 16th and 18th day of the month
- For a validation between the 16th day and the end of the month, the payment of the invoice request must be made between the 1st and 3rd day of the following month

If the Affiliate does not validate the invoice request before September 30th of the year following the date of the invoice request, the right to commission will lapse and the amounts collected by EFFINITY will be definitively acquired by it.

It is stated that EFFINITY does not assume in any way the risk of non-payment by the Advertisers of the commissions due to the Affiliates, whether such non-payment results from the insolvency of the Advertiser or from any other cause. Consequently, EFFINITY only transfers to the Affiliate the amounts that it has previously collected from the Advertisers on behalf of the Affiliate. If EFFINITY is obliged to incur costs for the recovery of the amounts due from the Advertisers, the amounts due to the Affiliate must be decreased by the recovery costs. This is an essential condition of this contract without which EFFINITY would not have entered into this agreement.

11 TAX STATUS OF THE AFFILIATE

The Affiliate undertakes to comply with the social and tax regulations applicable to its remuneration by the Advertiser.

The Affiliate is invited to consult the following sites:

- <https://www.impots.gouv.fr/portail/node/10841>
- <http://www.securite-sociale.fr/Vos-droits-et-demarches-dans-le-cadre-des-activites-economiques-entre-particuliers-Article-87>

If the activity of the Affiliate is usual and can be qualified as a professional activity within the meaning of the tax regulations, the amounts due to the Affiliate will be paid upon presentation of invoices with or without VAT, as the case may be, and upon presentation of a SIRENE number. The invoice must include all of the information required by the regulations.

Beyond the amount of 500 euros per year and per Affiliate, EFFINITY reserves the right to require an invoice with a SIRENE number before making any payment.

ATTENTION: Individuals are asked to seek legal and tax advice to determine their obligations with regard to each particular situation.

12 CONFIDENTIALITY

The parties undertake, for the duration of the contract, to treat as confidential any information of any kind, whether marketing, commercial or financial information, from an Activity Report or relating to methods or know-how.

EFFINITY and the Affiliate undertake to guarantee the confidentiality of all Personal Data that may be processed as part of EFFINITY's services and to ensure that people authorised to process such Personal Data are bound by an appropriate confidentiality obligation of legal origin or, in the absence thereof, by a conventional obligation, and receive the necessary training in the protection of personal data.

13 DURATION, TERMINATION

This mandate is concluded for an indefinite period.

It is terminated automatically if the Affiliate has ceased to participate in any Affiliate programme for more than 1 year. The amounts collected by EFFINITY are then reimbursed to the Affiliate unless their amount remains less than 75 euros, in which case they are retained by EFFINITY by way of compensation.

The contract may also be terminated by EFFINITY at any time with 30 days' notice, whereupon EFFINITY will be released from any obligation with respect to the Affiliate.

If, during a period of 12 months after the termination, the Affiliate contracts directly with an Advertiser with which it was put in contact by EFFINITY, the Affiliate will be liable to EFFINITY for a penalty equal to 30% of all commissions paid to the Affiliate during the 12 months preceding the termination.

14 INTELLECTUAL PROPERTY

The Affiliate may under no circumstances use the EFFINITY name or brand for commercial or promotional purposes, and in particular as concerns the marketing and promotion of similar or competing services.

It is expressly agreed that this contract does not confer any rights on the Affiliate to the programmes and data contained on the EFFINITY site. These programmes and data, governed by the intellectual property code, remain the exclusive property of their authors.

The Affiliate is informed that EFFINITY may conduct traffic analysis of the Affiliate's site. EFFINITY holds the database producer rights to the collected data.

15 LIABILITY

The Affiliate acknowledges and guarantees EFFINITY against the consequences of any claims by a third party or by an Advertiser for any reason whatsoever including those:

- Attributable to the content of its site
- In case of non-compliance with a provision hereof or the Affiliate – Advertiser terms annexed hereto
- In case of non-compliance with the provisions of the GDPR or, more generally, any applicable regulations on cookies, trackers and electronic communications and/or CNIL recommendations

The definition, posting and operation of Programmes by Advertiser, and any changes or interruptions, remain the sole responsibility of the Advertisers.

16 NON-COMPLIANCE WITH OBLIGATIONS

In case of non-compliance with these terms and conditions, the parties may terminate the contract as of right, after a formal notice has remained ineffective for a period of 8 days.

In case of fraud, the termination may take place immediately and the commissions registered prior to the fraud will not be returned to the Affiliate.

17 APPLICABLE LAW AND CHOICE OF FORUM CLAUSES

This contract is subject to French law.

In the event of any dispute relating to this contract, as regards its interpretation, execution, termination, etc., and in the absence of an amicable agreement between the parties, express jurisdiction is attributed to the competent courts of the jurisdiction of the Commercial Court of Paris, notwithstanding a plurality of defendants or warranty proceedings, including for emergency interim proceedings, protective summary proceedings or requested *ex-parte* motions.
